Ajax Cart Pro Extension for Magento 2 is an excellent extension for users who hate constant page reloads. It helps them add or remove products from Ajax pop-up easier without interrupting the shopping process.

Moreover, Ajax Cart Pro Extension for Magento 2 works well with all types of products and it is totally responsive so your customer can purchase items anywhere and anytime. Beside, admin can configure theme colors simply as their favorite color in conformable popup from admin panel easily.

### ➤ System Requirements:

#### \* **Operating System:**

- Linux as RedHat Enterprise Linux (RHEL), CentOS, Ubuntu, Debian, v..v
- Composer (the last version)
- Apache 2.2 or > Apache 2.2
- PHP 5.6.x; 5.5.x - where x is 22 or greater; 7.0.2, 7.0.6 up to but not including 7.1, except for 7.0.5

#### \* **PHP extensions requirement:**

- PDO/MySQL
- Mbstring

### 3. Uninstall

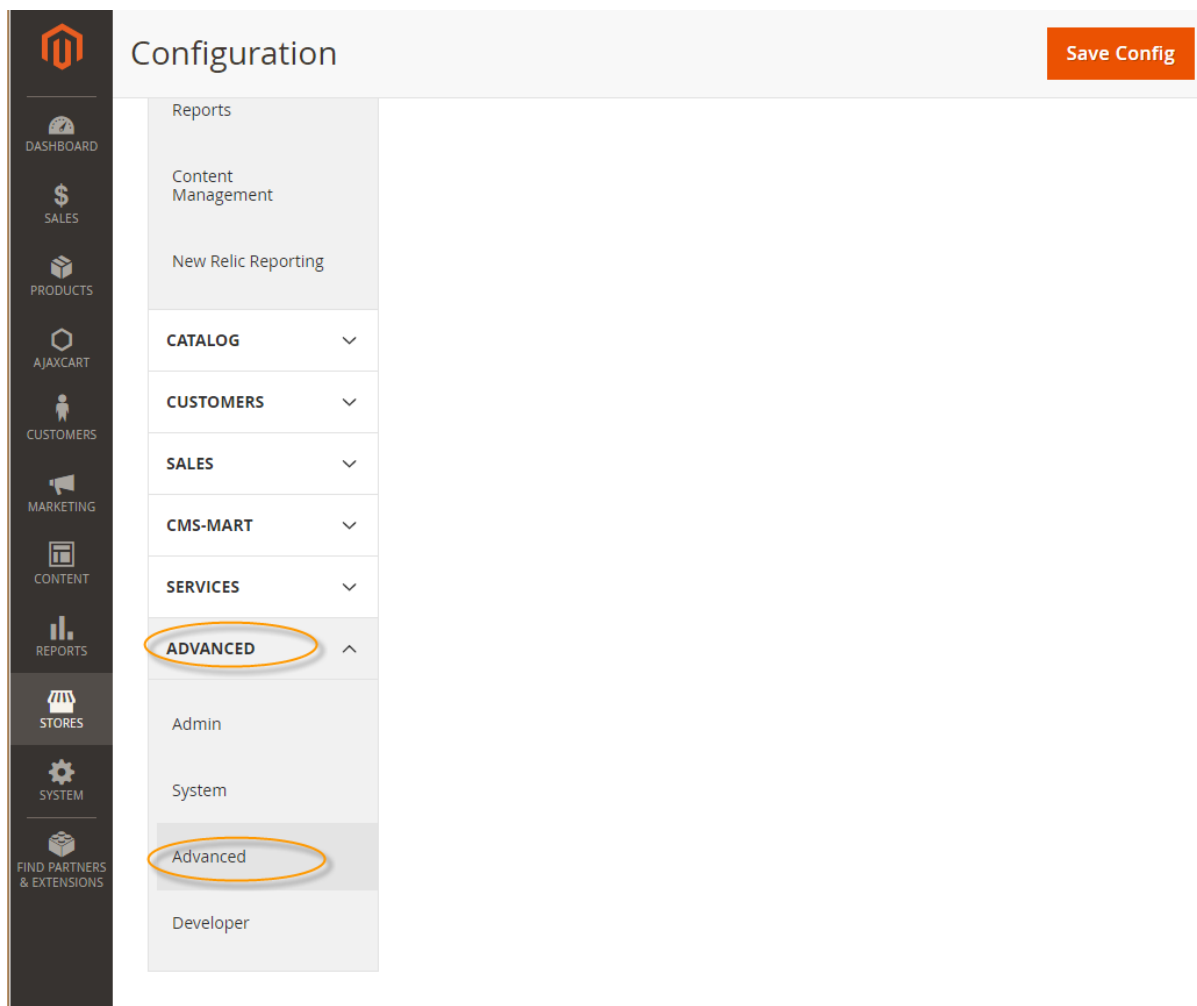

#### ✓ Step1:

- In admin panel, go to **Store → Configuration**

The screenshot shows the Netbase admin panel interface. On the left is a dark sidebar menu with various icons and labels. The 'STORES' icon, which depicts a storefront, is highlighted with a red rectangle. To the right of the sidebar, the main content area is titled 'Stores' and contains a grid of configuration options. The 'Configuration' option in this grid is also highlighted with a red rectangle. Other visible options include 'All Stores', 'Terms and Conditions', 'Order Status', 'Taxes', 'Tax Rules', 'Tax Zones and Rates', 'Currency', 'Currency Rates', 'Currency Symbols', 'Attributes', 'Product', 'Attribute Set', 'Rating', 'Other Settings', and 'Customer Groups'. At the top right of the main content area, there is a yellow banner for 'System Messages' showing 1 message, and a user profile dropdown for 'admin\_nb'.

## ✓ Step 2: Uninstall

- In Configuration window, click on **ADVANCED** -> select **Advanced**

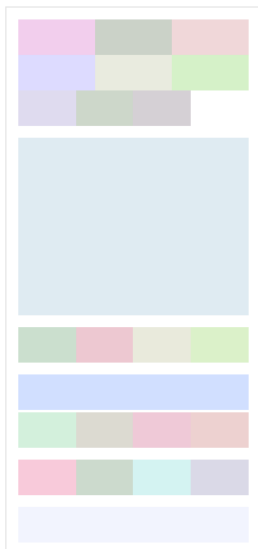

- Select **Disable** in **Netbaseteam\_Ajaxcart**
